## FACTS COMMON TO ALL COUNTS

## DR. SIMON'S EDUCATIONAL AND EMPLOYMENT HISTORY

- 10. Dr. Simon is a very well respected obstetrician / gynecologist and gynecological surgeon ("OB/GYN"), and had been highly-ranked consistently for 20 years prior to the incidents leading up to this Complaint, as one of the top OB/GYNs in New York.
- 11. Dr. Simon graduated from the University of Paris in 1982, after five years of residency in France, specializing in OB/GYN surgery.
- 12. In September 1982, Dr. Simon moved to the United States and began an OB/GYN residency, training at Columbia Presbyterian in 1982, St. Luke's Roosevelt Hospital in 1984 and Boston City Hospital from 1986 to 1988, before becoming a Board Certified OB/GYN.
- 13. Beginning in 1988, Dr. Simon went into private practice on the Upper East Side of Manhattan, with admitting privileges at Beth Israel Hospital, Mount Sinai Hospital (since 1991) and New York Presbyterian Hospital (since 2000).

## DR. SIMON'S DUTIES AND RESPONSIBILITIES AS AN OB/GYN

- 14. As a Board-certified OB/GYN, the substantial and material duties of his occupation required Dr. Simon to perform all the duties of his OB/GYN specialty, including, but not limited to, deliveries and surgical procedures in a hospital setting, ranging from normal vaginal delivery (where his left hand had to guide the fetal head down the vaginal canal, helping with the rotation, deflexion, extension of the fetal head, etc.) to more complicated deliveries such as forceps, vacuum extraction and cesarean sections.
- 15. As a solo practitioner in his OB/GYN specialty, Dr. Simon personally delivered all the babies of all his patients as a substantial and material duty of his occupation. The deliveries and other substantial and material duties of his occupation required Dr. Simon to be present at the

3

hospital, on the Labor and Delivery floor, with his parturient patient, as part of the process of delivering babies. All of the various baby-delivery-protocols require an extraodinarily high degree of strength, dexterity, mobility, control and sensitivity in order to prevent the risk of harm to the baby and the mother. These protocols ranged from normal vaginal delivery (where the left hand must guide the baby's head down the vaginal canal, then assist with the rotation, deflexion, and extension of the fetal head, etc.) to more complicated deliveries such as forceps, vacuum extraction and cesarean section.

- 16. Oftentimes, in both emergency and non-emergency situations, as an OB/GYN specialist, Dr. Simon would be required to perform caesarian sections involving open abdominal surgery (requiring full participation of both of his hands, the left being inside the uterus, under the fetal head, with full wrist extension guiding the fetal head through the uterus).
- 17. In addition to the Obstetrical care, Dr. Simon's practice of his OB/GYN specialty included a complete range of gynecological (non-obstetric) medical surgical procedures for non-pregnant women, including minor and major surgical procedures performed in the hospital setting. Because Dr. Simon received his first OB/GYN specialty training in France, he trained in the most sophisticated, complex, intricate microsurgical, laparoscopy, and vaginal hysterectomy procedures with the French pioneers who invented and developed the technology and protocols that are today the gold standard of gynecological surgery. These procedures, which require the highest degree of skill and training, also require the highest degree of fine dexterity and control, and were the mainstay of Dr. Simon's OB/GYN specialty practice.

## DR. SIMON'S CONTRACT WITH UNUM

- 18. On or about January 1, 1993, Dr. Simon purchased disability policies from Defendant UNUM for purposes of purchasing disability policies in the event he were to become disabled (or "totally disabled") by means of his occupation as an OB/GYN specialist.
- 19. Dr. Simon, as an individual consumer, obtained two (2) standard form disability insurance policies from UNUM: (i) Policy Number 36-3376084608, effective January 1, 1993 ("Policy I"); and (ii) Policy Number 36-1737-6122493, effective August 1, 1995 ("Policy 2", together with Policy 1, the "UNUM Policies" or the "Plan"). (Exhibit "A")
- 20. The UNUM Policies are standard form policies that are offered and are available to consumers at large.
- 21. According to the UNUM Policies, Dr. Simon is entitled to disability proceeds in the event he suffers a "Total Disability" or becomes "totally disabled," which is defined in the UNUM policies as follows:

Total Disability or totally disabled means that . . . due to Injuries or Sickness you are not able to perform the substantial and material duties of your occupation . . .

22. The UNUM Policies promise to pay benefits to Dr. Simon if he suffered a "total disability" that impaired his ability to perform the "the substantial and material duties of [his] occupation" as an OB/GYN specialist.

## DR. SIMON'S "TOTAL DISABILITY"

- 23. On or about November 23, 2003, Dr. Simon became "Totally Disabled" in accordance with the terms defined in the UNUM Policies while performing the material and substantial duties of his occupation as an OB/GYN specialist on a regular basis according to the terms of the UNUM Policies.
- 24. Specifically, on or about November 23, 2003, Dr. Simon suffered a massive abscess/cellulitis of the left hand.
- 25. As a consequence of his injury, Dr. Simon was treated by Dr. Scott Wolfe, Chief, Hand & Upper Extremity Surgery, Hospital for Special Surgery, at Hospital for Special Surgery in New York City. Subsequently, Dr. Simon was diagnosed with acute septic tenosynovitis of the left hand and was immediately taken to the OR, where he underwent emergency surgery under general anesthesia.
- 26. As part of the surgery, an approximately 7-inch vertical incision was performed to the palmar aspect Dr. Simon's left hand, wrist and lower forearm. The procedure was a three-hour procedure, which included debridement of deep space infection and horseshoe abscess, and lysis of adhesions.
- 27. Dr. Simon was hospitalized at Hospital for Special Surgery in New York City. The incision was left open to allow for the drainage of the abscess. Dr. Simon also received intravenous antibiotics to treat the severe gram negative and positive infections.
- 28. Dr. Simon also underwent two additional surgical procedures under general anesthesia, for a total of three surgical procedures under general anesthesia. The second procedure took place on or about November 28, 2003, to complete the debridement and irrigate the deep space

6

of the left hand. The initial incision was partially closed, but left open at the level of the wrist to allow for secondary healing. The third procedure took place in or around December 2003.

- 29. On or about December 4, 2003, Dr. Simon was discharged from the hospital and allowed to return home with a 24-hour-a-day peripherally inserted central catheter ("PICC") directly to his heart, in order to administer the massive antibiotics he required for one month. A nurse visited Dr. Simon every day to change the antibiotic supply, check the dressing, ensure there was no infection at the PICC site, and to ensure that the pump of the PICC was functioning properly.
- 30. Dr. Simon underwent significant hand therapy with an Occupational Therapist at the Hospital for Special Surgery in New York City.
- 31. Following his injury and hospitalization, and the removal of his PICC, Dr. Simon underwent significant therapy and treatment by medicine's top specialists in the field, including Scott Wolfe, MD (Chief of Hand Surgery at the Hospital for Special Surgery) and a second opinion by Stephen Glickel, MD (Chief of Hand Surgery Department at St. Luke's Roosevelt Hospital) who confirmed Dr. Wolfe's diagnosis, but to no avail.
- 32. Currently, Dr. Simon permanently suffers from sequellae from his massive abscess/cellulites of the left hand, which prevents him from performing "the substantial and material duties of his occupation," thereby rendering Dr. Simon "totally disabled" pursuant to the UNUM Policies.
- 33. As a result of his injuries, Dr. Simon suffers a "total disability" as defined in the UNUM Policies.
  - 34. Dr. Simon is totally disabled from his occupation as an OB/GYN specialist based

7

upon definitions set forth in the UNUM Policies and pursuant to prevailing law.

- 35. Dr. Simon has and continues to receive care by a Physician appropriate for the condition causing his disability.
- 36. Dr. Simon's inability to prm the "the substantial and duties of his occupation" thereby renorm the "totally disabled" is supported to agnosis of top specialists in the fig. 1 and Surgery, Doctors Scott Wolfe and Stephen Glickel.

of the foregoing agree that Dr. Simon's duties and responsibilities as an anot be modified to accommodate his disability.

UNUM HA	- 4-11	LIGATدر	THE	1 POLICIES

- 38. Despite that Dr. Simon suffers a "total disability" pursuant to the terms of UNUM

  and faith and

  without reason, justification

  to Dr. Simon or otherwise honor the terms, cc.

  appropries set forth in the UNUM

  Policies.
- 39. Dr. Simon has proved to mable requests for information from UNUM in a timely fashion.
- 40. Dr. Simon timely submitted an adminis appeal challenging the decision to withhold his disability benefits.
- 41. Dr. Simon's administrative all was denied, thereby exhaute iministrative remedies.
- 42. Dr. Simon has and continues to pay a. s in order to maintain the UNUM Policies. Furthermore, Dr. Simon has followed all conditions precedent and complied with

all policy requirements for receipt of payment of benefits under the UNUM Policies for being "totally disabled."

- 43. UNUM has consistently and fraudulently denied Dr. Simon's disability benefits.
- 44. In refusing to pay Dr. Simon's claims, UNUM, in bad faith, has engaged in a practice and pattern of inundating Dr. Simon with unduly burdensome, irrelevant and unreasonable requests for information in a disingenuous effort to find a reason not to pay Dr. Simon's disability claims, to which he is entitled.
- 45. At all times herein, Defendants' conduct Dr. Simon has risen to the level of such an egregious nature it is extreme and outrageous conduct.
  - 46. Defendants intended to cause Plaintiff severe emotional distress.
- 47. UNUM intended to defraud Dr. Simon by collecting and continuing to collect premiums with the intention that Dr. Simon believe that he is protected by UNUM's representations.
- 48. Dr. Simon relied and continues to rely upon UNUM's material misrepresentations that Dr. Simon is entitled to disability benefits in the event he suffers a total disability.
  - 49. UNUM never had any intention of properly investigating Dr. Simon's injury.
- 50. UNUM never had any intention of providing Dr. Simon with any protection in the event he became totally disabled.
- 51. UNUM failed to properly investigate Dr. Simon's injury and, any purported investigation was biased only towards fraudulently finding or inventing a pretense to deny Dr. Simon's claims.

- 52. UNUM demonstrated, through the acts, correspondence, telephone calls, internal memos and emails of its employees and their superiors that it had no intention of paying Dr. Simon's claims but continued to carry on conversations and correspondence with Dr. Simon pretending to be doing a purported investigation into Dr. Simon's injury
- 53. It was only in or about September 2005, nearly two (2) years following his injury, that UNUM finally had its own doctor examine Dr. Simon's injury, after which there were no further follow-up consultations with any other independent medical examiners.
- 54. Furthermore, UNUM failed to perform any ergonomic assessment or functional capacity evaluation to assist it in evaluating Dr. Simon's claim, nor were any second opinions by independent OB/GYNs performed for the purpose of assessing Dr. Simon's total disability.
- 55. Unum intentionally, willfully and knowingly engaged in a pattern of harassing, belittling and intimidating Dr. Simon, accusing him of lying about whether he was performing surgery and insisting that he return to the subtantial and material duties of his occupation notwithstanding the obvious fact that, had Dr. Simon succumbed to their insults and insinuations and attempted to comply with their unreasonable and outrageous demands, the risk of harm to his patients would have been obvious, forseeable and self-evident.
- 56. Unum willfully and knowingly engaged in a pattern of deception, subterfuge and deceit by corresponding with Dr. Simon on a variety of stationery, representing a variety of entities, all of whom are captioned Defendants, with the deliberate intent to obfuscate and confuse.
- 57. UNUM intended that Dr. Simon rely to his detriment upon its material misrepresentations concerning any purported investigation or determination concerning Dr. Simon's injury and claim for benefits stemming therefrom.

- 58. Unum pretended to process Dr. Simon's claim through its appeals process but never addressed the issues of whether or not Dr. Simon is able to perform the substantial and material duties of his occupation.
- 59. Although Dr. Simon was paying for, and continues to pay high premiums towards his "own occupation" policy that he believed to his detriment would protect him and his family from exactly the kind of harm that befell him on November 23, 2003, UNUM has intentionally engaged in a "bait and switch" and with scienter and intention to willfully and knowingly defraud Dr. Simon, processed Dr. Simon's claim for benefits as if it were a cheaper "any occupation" policy.
- 60. During the alleged appeal process UNUM pretended to enter into settlement discussions with Dr. Simon.
- 61. In September 2006, three years following the injury, and two years after the elimination period, UNUM ceased the purported appeal of Dr. Simon's claims and "remanded" his claim to the initial claims review department in a further "bad faith" effort to withhold benefits, to which Dr. Simon is entitled.
- 62. UNUM then made more irrelevant and unreasonable requests for information about Dr. Simon's injury, his occupation and even his wife's personal information in a disingenuous effort to find a reason not to pay Dr. Simon's claim for benefits.
- 63. UNUM continues to fraudulently refuse to properly investigate whether or not Dr. Simon is able to perform the substantial and material duties of his occupation.
- 64. UNUM's actions, apart from its obligations under the UNUM Policies, are morally reprehensible, and of such wanton dishonesty as to imply a criminal indifference to its civil

11

obligations.

- 65. In addition, apart from the fraud and bad faith actions of UNUM, despite the provision contained in the UNUM Policies providing that benefits will be paid for "a period of total disability," UNUM willfully, wrongfully and uniformly breached and continue to breach the express terms and conditions of the UNUM Policies by refusing to pay benefits accumulated since November 23, 2003.
- 66. As a result of Dr. Simon's injury, which has interfered with the substantial and material duties of his occupation, Dr. Simon's patients have departed the practice.
- 67. Additionally, as a result of Dr. Simon's injury, which prevents him from performing the substantial and material duties of his occupation, Dr. Simon no longer receives referrals from, among others, general surgeons, internists, urologists, family practioners, nor from patient's family members, friends, colleagues and acquaintances.
- 68. Defendant UNUM has made no meaningful attempt or effort to rehabilitate, negotiate or deal in good faith with Dr. Simon.
- 69. Defendant UNUM has engaged in a variety of unethical and illegal activities forcing Dr. Simon to file a lawsuit.
- 70. Dr. Simon asks this Court to order UNUM to honor the UNUM Policies immediately.
- 71. UNUM has breached its contracts with the Dr. Simon by refusing to make payments to him under the terms of his disability policies.
- 72. Dr. Simon has incurred significant losses as a consequence of UNUM's failure and refusal to make payments to him under the terms of his disability policies.

73. By reason of the foregoing, Dr. Simon is entitled to recover all of his damages from the Defendants.

#### POLICY SCHEDULE (continued)

The benefits and premium named below will be automatically increased without evidence of insurability, as follows:

UPDATE	New Monthly	New Monthly Net Premium for
Increase	Benefit for	
Date .	Total Disability	this Policy
1/01/94	\$10,700.00	\$318.54
1/01/95	\$11,450.00	\$342.12
1/01/96	\$12,260.00	<b>\$369.38</b>
1/01/97	. \$13,120.00	\$400.22
1/01/98	\$14,000.00	\$433.71

UPDATE Benefit increases are effective on the UPDATE Increase Dates shown. If an UPDATE Increase Date shown does not coincide with a renewal date for this policy, the increase will be effective on the next renewal date.

An UPDATE Benefit increase will apply only to a period of disability which starts after the effective date of the increase. It must qualify as a separate period of disability. If the premium for the policy is being waived on the effective date of the increase, the premium for the increase will also be waived. When you resume paying premiums for the policy, you must also start paying the premium for the increase.

You are entitled to UPDATE Benefit increases on the dates shown above. If you do not accept an increase, your refusal:

- 1. forfeits your right on that UPDATE Increase Date to the UPDATE Benefit increase;
- postpones the schedule of benefit increases to the next UPDATE Increase Date, if any;
- adjusts the premiums for the remaining increases, if any, since such premiums are based on your attained age at the time of an UPDATE Benefit increase; and
- 4. in no way extends the last UPDATE Increase Date shown above.

Each refusal of an UPDATE Benefit increase reduces the number of UPDATE Benefit increases to which you were entitled by one.

If you have not reached your 60th birthday on the last UPDATE Increase Date, you may apply for an amendment providing additional UPDATE Benefit increases. You can do this by making formal application within the period of 60 days prior to and 31 days after the last UPDATE Increase Date. Approval will be subject to our underwriting guidelines then in effect.

#### DEFINITIONS

Injuries means accidental bodily injuries occurring while your policy is in force.

Sickness means sickness or disease which is first manifested while your policy is in force. It includes disability from transplant surgery or cosmetic surgery.

transplant surgery means the transplant of part of your body to another person.

cosmetic surgery means surgery to improve your appearance or to correct disfigurement.

Policy Anniversary means the renewal date falling on an anniversary of the Effective Date of the policy; except that when the Policy Anniversary does not coincide with a renewal date, it means the next renewal date thereafter.

Physician means any person other than you who is licensed by law, and is acting within the scope of the license, to treat Injuries or Sickness which results in covered loss.

Total Disability or totally disabled means that due to Injuries or Sickness:

- you are not able to perform the substantial and material duties of your occupation; and
- you are receiving care by a Physician which is appropriate for the condition causing the disability. We will waive this requirement when continued care would be of no benefit to you.

your occupation means the occupation (or occupations, if more than one) in which you are regularly engaged at the time you become disabled. If your occupation is limited to a recognized specialty within the scope of your degree or license, we will deem your specialty to be your occupation.

period of disability means a period of disability starting while this policy is in force. Successive periods will be deemed to be the same period unless the later period:

- 1. is due to a different or unrelated cause, or
- 2. starts more than twelve months after the end of the previous period (six months after the end of the previous period if benefits are expressed as a number of months see Maximum Benefit Periods on Page 3):

in which event, the later period will be a new or separate period of disability. А new Elimination Period must then be met. And, a new Maximum Benefit Period will apply.

If the Elimination Period is fulfilled during a period of disability, the first subsequent disability due to a different or unrelated cause will not require an Elimination Period, provided the first subsequent disability occurs within the twelve month period from the end of the prior disability, during, which the Elimination Period was satisfied.

#### EXCLUSIONS

We will not pay benefits for loss caused by:

accrue, during an Elimination Period.

- 1. Har or any act of Har, Whether Har is declared or not; or
- 2. normal pregnancy or childbirth, except we will pay benefits for loss caused by:
  - a. complications of pregnancy; and
  - b. normal pregnancy or childbirth on the later of the 91st day of disability or the day of disability following the Elimination Period.

Complications are physical conditions physicians consider distinct from pregnancy even though caused or worsened by pregnancy. Examples of conditions that are not complications include false labor and morning sickness.

We will not pay benefits for loss we have excluded by name or specific description; any such exclusion will appear in the Policy Schedule.

#### PRE-EXISTING CONDITION LIMITATION

We will not pay benefits for loss which is caused by a Pre-existing Condition. Preexisting Condition means a physical impairment, deformity or a medical condition that was not disclosed, or that was misrepresented, in answer to a question in the application for this policy. A medical condition means a sickness or physical condition which, within the two year period prior to the Effective Date of this policy, either: 1) resulted in your receiving medical advice or treatment; or 2) caused symptoms for which an ordinarily prudent person would seek medical advice or treatment.

#### BENEFITS

#### TOTAL DISABILITY

We will pay the Monthly Benefit for Total Disability shown on Page 3 as follows:

- 1. Benefits start on the day of Total Disability following the Elimination Period.
- Benefits will continue while you are totally disabled during the period of disability but not beyond the Maximum Benefit Period.

In no event will you be considered to have more than one disability at the same time. The fact that a disability is caused by more than one Injury or Sickness or from both will not matter. We will pay benefits for the disability which provides the greater benefit.

PRESUMPTIVE TOTAL DISABILITY - LOSS OF SPEECH, HEARING, SIGHT OR THE USE OF TWO LIMBS You will be presumed totally disabled if Injuries or Sickness results in the entire and permanent loss of:

- 1. speech;
- 2. hearing in both ears;
- 3. the sight of both eyes; or
- 4. the use of both hands, or of both feet or of one hand and one foot.

You must present satisfactory proof of your loss. Your ability to work will not matter. Further medical care will not be required. Benefits will be paid according to the Total Disability provisions of this policy. But, benefits will start on the date of loss if earlier than the day benefits start as shown on Page 3. If loss occurs before your 65th birthday, the Monthly Benefit for Total Disability will be paid as long as you live regardless of the Maximum Benefit Period shown on Page 3.

#### HAIVER OF PREMIUM

After you have been totally disabled for 90 days during a period of disability, we will:

- refund any premiums which became due and were paid while you were totally disabled; and
- 2. Maive the payment of each premium which thereafter becomes due for as long as the period of disability lasts. After it ends, to keep this policy in force, you must again pay any premiums which become due.

For premiums to be waived, you must give us satisfactory proof of disability.

#### REHABILITATION

Total Disability - Your participation in a program of occupational rehabilitation will not of itself be considered a recovery from Total Disability.

Expense - If, during a period of Total Disability, you notify us in writing that you want to participate in a program of occupational rehabilitation, we will consider paying for certain expenses you incur. The extent of our role will be determined by written agreement with you. Generally, we will pay for the reasonable cost of training and education which is not otherwise covered under health care insurance, workers' compensation or any public fund or program except Medicaid.

A program of occupational rehabilitation must be designed to help you return to work and be:

- a formal program of rehabilitation at an accredited graduate school, college or business school, or at a licensed vocational school;
- 2. a recognized program operated by the federal or a state government; or
- any other professionally planned rehabilitation program of training or education.

## BENEFITS WHEN POLICY RENEWED AFTER YOUR 65TH BIRTHDAY OR FIVE YEARS, WHICHEVER IS LATER

If this policy is continued in accordance with the "Conditional Right to Renew After Your 65th Birthday or Five Years, Whichever is Later" on Page 1, all of the benefit provisions on Pages 6 and 7 will be included in the continued policy. (If a Treatment of Injuries Benefit and/or a Preliminary Term Benefit is contained in this policy, it can be included in the continued policy. No other "Additional Benefits", if any, named on Page 3 will be included in the continued policy.) The Maximum Benefit Period starting while this policy is so continued is shown on Page 3. The Monthly Benefit for Total Disability will not change unless you choose to renew with a lesser amount.

#### PAYMENT FOR PART OF MONTH

If any payment under this policy is for part of a month, the daily rate will be 1/30th of the payment which would have been made if disability had continued for the whole month.

RESIDUAL DISABILITY/RECOVERY BENEFITS with Cost of Living Indexing of Prior Monthly Income

(Nothing in this provision limits the policy definition of "Total Disability.")

#### DEFINITIONS

Monthly Income means your monthly income from salary, wages, bonuses, commissions, fees or other payments for services which you render. Normal and usual business expenses are to be deducted; income taxes are not. Monthly Income must be earned. It does not include dividends, interest, rents, royalties, annuities, sick pay or benefits received for disability under a formal wage or salary continuation plan or other forms of unearned income.

Monthly Income can be credited to the period in which it is actually received or to the period in which it is earned. We allow either the cash or accrual accounting method. But, the same method must be used to determine the Prior Monthly Income and the Current Monthly Income during a period of disability. If you elect the cash accounting method we will not include income received for services rendered prior to the start of the period of disability in your current monthly income.

Prior Monthly Income means the greatest of:

- your average Monthly Income for the 12 months just prior to the start of the period of disability for which claim is made;
- 2. your average Monthly Income for the year with the highest earnings of the last two years prior to the start of such period of disability; or
- 3. your highest average Monthly Income for any two successive years of the last five years prior to the start of such period of disability.

Current Monthly Income means your Monthly Income in your occupation for each month of Residual Disability being claimed.

Loss of Monthly Income means the difference between Prior Monthly Income and Current Monthly Income. Loss of Monthly Income must be caused by the Residual Disability for which claim is made. The amount of the loss must be at least 20% of Prior Monthly Income to be deemed Loss of Monthly Income. If your loss is more than 75% of Prior Monthly Income, we will deem the loss to be 100%.

Residual Disability or residually disabled, during the Elimination Period, means that due to Injuries or Sickness:

- 1. you are not able to do one or more of your substantial and material daily business duties or you are not able to do your usual daily business duties for as much time as it would normally take you to do them;
- 2. you have a loss of Monthly Income in your occupation of at least 20%; and
- you are receiving care by a Physician which is appropriate for the condition causing disability. We will waive this requirement when continued care would be of no benefit to you.

After the Elimination Period has been satisfied, you are no longer required to have a loss of duties or time. Residual Disability or residually disabled then means that as a result of the same Injuries or Sickness:

- 1. you have a Loss of Monthly Income in your occupation of at least 20%; and
- 2. you are receiving care by a Physician which is appropriate for the condition causing the Loss of Monthly Income. We will waive this requirement when continued care would be of no benefit to you.

Honthly Benefit for Total Disability is shown on Page 3. (It can be increased by certain other benefit provisions if they are included in your policy and are applicable. If included, they are titled "Cost of Living Adjustments" and "Social Insurance Substitute Benefit.")

Residual Disability Monthly Benefit is the benefit payable under this provision. It is determined monthly by this formula. Each month, it equals:

Loss of Monthly Income
----- X Monthly Benefit for Total Disability
Prior Monthly Income

#### RESIDUAL DISABILITY/RECOVERY BENEFITS

We will pay Residual Disability Monthly Benefits as follows:

- 1. Benefits start on the day of Residual Disability following the Elimination Period or, if later, after the end of compensable Total Disability during the same period of disability.
- Benefits will continue while you are residually disabled during a period of disability but the combined period for which benefits for Total and Residual Disability are payable can not exceed the Maximum Benefit Period shown on Page 3
- 3. The first six monthly payments for Residual Disability will be the greater of: a. 50% of the Monthly Benefit for Total Disability; or
  - . b. the Residual Disability Monthly Benefit determined for each month.

Residual Disability benefits will not be paid for any days for which Total Disability benefits are paid.

In no event will you be considered to have more than one disability at the same time. The fact that a disability is caused by more than one Injury or Sickness or from both will not matter. We will pay benefits for the disability which provides the greater benefit.

We can require any proof which we consider necessary to determine your Current Monthly Income and Prior Monthly Income. Also, we or an independent accountant retained by us shall have the right to examine your financial records as often as we may reasonably require.

## COST OF LIVING INDEXING OF PRIOR MONTHLY INCOME (Applicable to benefits paid after the 12th month of a period of disability)

#### Definitions

CPT-U means the Consumer Price Index for All Urban Consumers. It is published by the United States Department of Labor. If the CPI-U is discontinued or if its method of computation is changed, we may, subject to the approval of the Superintendent of the New York Insurance Department, use another nationally published index. We will choose an index which is similar in scope and purpose to the CPI-U. The CPI-U will then mean the index which is chosen.

Review Date means each anniversary date of the start of a period of disability.

Review Period means a one year period ending on a Review Date.

Index Month means the calendar month three months prior to a Review Date. But, the first Index Month means the calendar month three months prior to the start of a period of disability. We will measure all changes in the CPI-U from the first Index Month.

Index Factor is used by us to determine your adjusted Prior Monthly Income for each Review Period. We will compute this factor by dividing the CPI-U for the latest Index Month by the CPI-U for the first Index Month. We will compute it on each Review Date during a period of disability.

#### Adjusted Prior Monthly Income

If Injuries or Sickness results in a period of disability that lasts at least 12 months, we will compute Cost of Living Adjustments on each Review Date for Residual Disability Benefits. Monthly benefits which thereafter accrue during that period of disability will be adjusted by indexing your Prior Monthly Income as follows:

1. On each Review Date, your Prior Monthly Income will be multiplied by your Index Factor. The result is your adjusted Prior Monthly Income. It will be used to figure your Loss of Monthly Income during the Review Period that follows. It will also be used in the formula to compute each Residual Disability Monthly Benefit payable during that Review Period.

An increase in your Prior Monthly Income can cause your Loss of Monthly Income to be greater. This in turn can result in an increase in your Residual Disability Monthly Benefit. Other than your Index Factor (which is computed by using actual CPI-U values), there is no limit on the percent of increase in your Prior Monthly Income for a Review Period. If the CPI-U should go down, your adjusted Prior Monthly Income can decrease. But, it can never reduce below your Prior Monthly Income at the start of the period of disability.

- 2. Indexing of your Prior Monthly Income will end on the earliest of:
  - a. the end of the period of disability (see Page 4);
  - b. the end of a benefit period; or
  - c. your 65th birthday.

If the computations end because of a or b above, disability benefits which can be paid for the first 12 months of a new period of disability will not include a Cost of Living Adjustment. A new first Index Month and Review Date will apply to each new period of disability that lasts more than 12 months.

#### HAIVER OF PREMIUM

For periods of disability which start before your 65th birthday, the Waiver of Premium provision on Page 6 is replaced by the following:

"WAIVER OF PREMIUM - TOTAL DISABILITY AND RESIDUAL DISABILITY

If, during a period of disability, Injuries or Sickness results in more than 90 days of Total and/or Residual Disability, we will:

- -1. refund any premiums which became due and were paid while you were so disabled;
- 2. waive the payment of each premium which thereafter becomes due for as long as the period of disability lasts. After it ends, to keep your policy in force, you must again pay any premiums which become due.

For premiums to be waived, you must give us satisfactory proof of disability.

NOTE: All portions of this Residual Disability/Recovery Benefit expire on your 65th birthday, and no further premiums for it will be due, even though the policy may be renewed after that date and benefits may continue to be payable past your 65th birthday, as shown on Page 3.

## GUARANTEED PHYSICAL INSURABILITY/LONG TERM DISABILITY OPTION

#### **DEFINITIONS**

Option Date means each anniversary of the Effective Date of the policy starting with the first and ending with the one which falls on or next follows your 55th birthday. If an Option Date does not coincide with a renewal date for this policy, it will change to coincide with the next renewal date thereafter.

Option Period means the period which begins 68 days before and ends 31 days after an Option Date.

Special Option Date means (a) the date you terminate your employment relationship with an employer which has a group long term disability insurance plan in force under which you are covered at the time of termination; or (b) the date the group long term disability insurance plan terminates. This Option may be exercised only once under the Special Option Date.

Special Option Period means the period which begins on the Special Option Date and ends 91 days thereafter.

#### BENEFIT

On each Option Date, or once on the Special Option Date, you have the right to increase the Monthly Benefit for Total Disability shown on Page 3. You may do so, without submitting evidence of physical insurability, by following the rules set forth below.

Increases will be made only upon formal application by you and must be approved by us. You must apply within an Option Period or within the Special Option Period. The Effective Date of an increase will be shown on the Increased Benefit Amendment issued at the time of the increase.

The amount of an increase will be subject to each of the following:

- 1. An increase, when combined with all other loss of time benefits then in force with us and other insurers, may not exceed the amount we would issue to you as a new applicant. This amount will be subject to our published issue and participation limits on the day you apply for an increase or on the Effective Date of the policy, whichever results in a higher amount.
- After your 46th birthday, an increase can not exceed one-third of the Maximum Increase shown on Page 3 (rounded up to the next \$10.00).
- 3. The sum of all increases can not exceed the Maximum Increase shown on Page 3.

If you do not qualify for an increase on an Option Date, you can still apply for an increase during a later Option Period or during the Special Option Period.

The first premium for an increase must be paid within 31 days; later premiums must be paid as part of the Policy Premium. If the premium for the policy is being waived (see Waiver of Premium provision) on the effective date of the increase, you will not have to start paying the premium for the increase until the premium for your policy becomes payable again.

The premium for each increase will be based on your attained age on the date of your application for each increase. It will also be based on:

- our premium rates in effect at the time of the increase or on the Effective Date
  of the policy, whichever is less; and
- 2. your occupational class at the time of the increase or on the Effective Date of the policy, whichever will produce the lower premium.

When an increase is exercised, the premium for this Option will be reduced. The reduced premium will be based on the Maximum Increase remaining.

Increase During Disability: During any Option Period, you can apply for an increase even though you are disabled. (This provision is not available during the Special Option Period). Your annual rate of earned income will be considered that which you had when the period of disability began. An increase of up to 10% of the original Maximum Increase shown on Page 3 (rounded up to the next \$10.00) approved by us during a period of disability will apply to the benefits payable while that period of disability continues. This increased Monthly Benefit for Total Disability, plus any excess of 10% approved during the same period of disability will apply to new, separate periods of disability (see Page 4).

Note: This Option will expire, and no further premiums for it will be due, on the earlier of: (a) the date when the Maximum Increase has been exercised; or (b) the end of the Option Period for the 55th birthday Option Date.

#### PREMILIMS AND RENEHALS

#### POLICY TERM

The first term of this policy starts on the Effective Date shown on Page 3. It ends on the First Renewal Date also shown. Later terms will be the periods for which you pay renewal premiums when due. All terms will begin and end at 12:01 A.M., Standard Time, at your home. The renewal premium for each term will be due on the day the preceding term ends, subject to the grace period.

#### GRACE PERIOD

This policy has a 31 day grace period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the next 31 days. During the grace period, the policy will stay in force.

If this policy is continued after your 65th birthday, the Grace Period provision is changed to read as follows:

#### "GRACE PERIOD

This policy has a 31 day grace period. This means that if a renewal premium is not paid on or before the date it is due, it may be paid during the next 31 days. The grace period will not apply if, at least 30 days before the premium due date, we have delivered or mailed to your last address shown in our records written notice of our intent not to renew this policy. Buring the grace period, the policy will stay in force. We may refuse renewal of the policy only on a Policy Anniversary and only when you become ineligible to continue it because you cease to be actively and gainfully employed full time."

## CONDITIONAL RIGHT TO RENEW AFTER YOUR 65TH BIRTHDAY OR FIVE YEARS, WHICHEVER IS LATER; PREMIUMS ARE NOT GUARANTEED

#### (Continued from Page 1)

You can renew this policy as long as you are actively and gainfully working full time. From time to time, we can require proof that you are actively and gainfully working full time. If you stop working, (except by reason of Total Disability), this policy will terminate on the next Policy Anniversary; except that coverage will continue to the end of any period for which premium has been accepted. All losses must occur while your policy is in force; except if your policy terminates for any reason, loss from Injuries may begin within 30 days from the date of the accident.

Premiums must be paid on time. They will be based on our table of rates by attained age in effect at time of renewals for persons in your same rate class who are insured under policies of this form. Other than your attained age, the factors used to determine your rate class will be the same as those that applied to you on the Effective Date of this policy.

The benefit provisions which will be included in the continued policy are described on Page 7.

#### REINSTATEMENT

If a renewal premium is not paid before the grace period ends, the policy will lapse. Later acceptance of the premium by us or by our agent authorized to accept payment without requiring an application for reinstatement will reinstate this policy.

If we or our agent require an application, you will be given a conditional receipt for the premium tendered. If the application is approved, the policy will be reinstated as of the approval date. Lacking such approval, the policy will be reinstated on the 45th day after the date of the conditional receipt unless we have previously written you of our disapproval.

The reinstated policy will cover only loss that results from Injuries which occur after the date of reinstatement or Sickness which is first manifested more than 10 days after such date. In all other respects, your rights and ours will remain the same, subject to any provisions noted on or attached to the reinstated policy.

#### SUSPENSION DURING MILITARY SERVICE

If you enter full-time active duty in the military (land, sea or air) service of any nation or international authority, you may suspend your policy. But, you may not suspend the policy during active duty for training lasting 3 months or less. The policy will not be in force while it is suspended, and you will not be required to pay premiums. Upon receipt of your written request to suspend the policy, we will refund the pro-rata portion of any premium paid for a period beyond the date we receive your request.

If your full-time active duty in military service ends before your 65th birthday, you may place this policy back in force without evidence of insurability. Your coverage will start again when:

- 1. We have received your written request to place the policy back in force; and
- you have paid the required pro-rata premium for coverage until the next premium due date.

However, your request and premium payment must be received by us within 90 days after the date your active duty in the military service ends. Premiums will be at the same rate that they would have been had your policy remained in force. You and we will have the same rights under the policy as before it was suspended.

#### PREMIUM ADJUSTMENT AT DEATH

Any premium paid for a period beyond the date of your death will be refunded to your estate.

#### CLAIMS

#### NOTICE OF CLAIM

Written notice of claim must be given within 20 days after a covered loss starts or as soon as reasonably possible. The notice can be given to us at our home office, Chattanooga, Tennessee, or to our agent. Notice should include your name and the policy number.

#### CLAIM FORMS

When we receive your notice of claim, we will send you claim forms for filing proof of loss. If these forms are not given to you within 15 days, you will meet the proof of loss requirements by giving us a written statement of the nature and extent of your loss. You must give us this proof within the time set forth in the Proof of Loss section.

## PROOF OF LOSS

If the policy provides for periodic payment for a continuing loss, you must give us written proof of loss within 90 days after the end of each period for which we are liable. For any other loss, written proof must be given within 90 days after such loss.

If it was not reasonably possible for you to give written proof in the time required, we will not reduce or deny the claim for this reason if the proof is filed as soon as reasonably possible. In any event, the proof required must be furnished no later than one year after the 90 days unless you are legally unable to do so.

#### TIME OF PAYMENT OF CLAIMS

After we receive written proof of loss, we will pay monthly all benefits then due you for disability. Benefits for any other loss covered by this policy will be paid as soon as we receive proper written proof.

#### PAYMENT OF CLAIMS

Benefits will be paid to you. Any benefits unpaid at death will be paid to your estate.

If benefits are payable to your estate, we can pay benefits up to \$1000 to someone related to you by blood or marriage whom we consider to be entitled to the benefits. We will be discharged to the extent of any such payment made in good faith.

#### PHYSICAL EXAMINATIONS

We, at our expense, have the right to have you examined as often as is reasonable while a claim is pending.

### MISSTATEMENT OF AGE

If your age has been misstated, the benefits will be those the premium paid would have bought at the correct age.

#### LEGAL ACTIONS

You may not start a legal action to recover on this policy within 60 days after you give us required proof of loss. You may not start such action after three years from the time proof of loss is required.

#### GENERAL PROVISIONS

## ENTIRE CONTRACT

This policy with the application and attached papers is the entire contract between you and us. No change in this policy will be effective until approved by one of our officers. This approval must be noted on or attached to this policy. No agent may change this policy or waive any of its provisions.

## TIME LIMIT ON CERTAIN DEFENSES

- 1. After two years from the Effective Date of this policy, no misstatements, except fraudulent misstatements, made by you in the application for this policy will be used to void the policy or to deny a claim for loss incurred or disability that starts after the end of such two year period.
- 2. No claim for loss incurred or disability that starts after two years from the Effective Date of this policy will be reduced or denied on the ground that a sickness or physical condition not excluded by name or specific description had existed before the Effective Date of this policy.

## CONFORMITY WITH STATE STATUTES

Any provision of this policy which, on its effective date, is in conflict with the laws of the state in which you reside on that date is changed to conform to the minimum requirements of those laws.

#### **ASSIGNMENT**

No assignment of interest in this policy will be binding on us until a copy is on file with us. It must be approved by one of our officers. We are not responsible for the validity of any assignment.

UPDATE Benefit increases are effective on the UPDATE Increase Dates shown. If an UPDATE Increase Date shown does not coincide with a renewal date for this policy, the increase will be effective on the next renewal date.

An LIPDATE Benefit increase will apply only to a period of disability which starts after the effective date of the increase. It must qualify as a separate period of disability. If the premium for the policy is being waived on the effective date of the increase, the premium for the increase will also be waived. When you resume paying premiums for the policy, you must also start paying the premium for the increase.

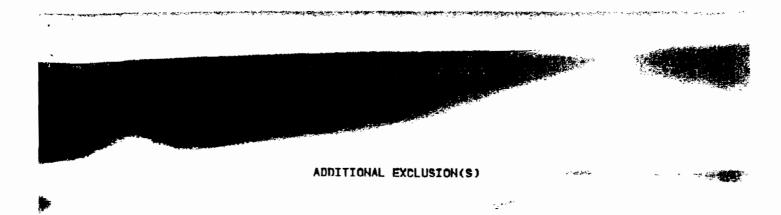

You are entitled to UPDATE Benefit increases on the dates shown above. If you do not accept an increase, your refusal:

- 1. forfeits your right on that UPDATE Increase Date to the UPDATE Benefit increase;
- 2. postpones the schedule of benefit increases to the next UPDATE Increase Date, if
- 3. adjusts the premiums for the remaining increases, if any, since such premiums are hased on your attained age at the time of an UPDATE Benefit increase; and
- 4. in no way extends the last UPDATE Increase Date shown above.

Each refusal of an UPDATE Benefit increase reduces the number of UPDATE Benefit increases to which you were entitled by one.

If you are under age 59 on the last UPDATE Increase Date, you may apply for an amendment providing additional UPDATE Benefit increases. You can do this by making formal application within the period of 60 days prior to and 31 days after the last UPDATE Increase Date. Approval will be subject to our underwriting guidelines then in effect.

#### **DEFINITIONS**

Gross Income means any monthly income received by you or your business for services performed by you. Gross Income also includes monthly income generated by anyone employed in your business who performs the same duties as yours, to the extent that that person's income is attributable to you.

Gross Income can be credited to the period in which it is actually received or to the period in which it is earned. We allow either the cash or accrual accounting method. But, the same method must be used to determine the Prior Gross Income and the Current Gross Income during a period of disability. If you elect the cash accounting method we will not include income received for services rendered prior to the start of the period of disability in your current monthly income.

Prior Gross Income means your Gross Income for the month immediately preceding a period of disability.

Current Gross Income means your Gross Income for each month of Residual Disability being claimed.

Loss of Gross Income means the difference between Prior Gross Income and Current Gross Income for the month for which benefits are payable.

Net Income means Gross Income minus your share of the usual and customary business expenses which you or your business incurs on a regular basis and are essential to your established business operation.

INDEXING OF PRIOR GROSS INCOME
(Applicable to benefits paid after the 12th month of a period of disability)

#### Definitions

CPI-U means the Consumer Price Index for All Urban Consumers. It is published by the United States Department of Labor. If the CPI-U is discontinued or if its method of computation is changed, we may use another nationally published index. We will choose an index which is similar in scope and purpose to the CPI-U. The CPI-U will then mean the index which is chosen.

Review Date means each anniversary date of the start of a period of disability.

Review Period means a one year period ending on a Review Date.

Index Month means the calendar month three months prior to a Review Date. But, the first Index Month means the calendar month three months prior to the start of a period of disability. We will measure all changes in the CPI-U from the first Index Month.

Index Factor is computed by dividing the CPI-U for the latest Index Month by the CPI-U for the first Index Month. We will compute it on each Review Date during a period of disability.

If Injuries or Sickness results in a period of the months, we will index your Prior Gross Income as follow.

· > - .

1. On each Review Date, your Prior Gross Income will be Factor. The result is your adjusted Prior Gross Incoried to figure your Loss of Gross Income during the Review Period also he used in the formula to compute each Residual Disable during that Review Period.

## BUSINESS VALUE PROTECTOR OPTION

There is, on Page 5 of this policy, a list of expenses that are not to be included as Covered Overhead Expenses. This Option modifies 1(c) and 1(d) on that list so that the following expenses will be included:

Expenses which you incur by paying the salary of a member of your profession or occupation who is employed to perform your duties because of your Total Disability. The person employed can not be your spouse or a member of your family or your spouse's family. "Family" means parent, son, daughter, brother or sister.

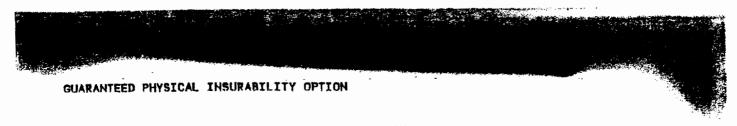

After you have been totally disabled for the BVP Elimination Period shown on Page 3 during a period of disability which started before your 65th birthday, we will pay benefits for the above expenses which accrue while Total Disability continues during the period of disability, but:

- 1. the amount of benefit paid for each month of Total Disability will not exceed the BVP Monthly Benefit shown on Page 3: and
- 2. benefits will not be paid for longer than the BVP Maximum Benefit Period shown on Page 3.

This benefit is payable in addition to the Monthly Benefit and the Maximum Benefit Limit. But, it will not be paid for any Partial Disability or Residual Disability Benefits that may be included in your policy.

NOTE: All portions of this Business Value Protector Option expire on your 65th birthday, and no further premiums for it will be due, even though the policy may be renewed after that date.

#### **DEFINITIONS**

Option Date means each anniversary of the Effective Date of the policy starting with the first and ending with the one which falls on or next follows your 52nd birthday. If an Option Date does not coincide with a renewal date for this policy, it will change to coincide with the next renewal date thereafter.

Option Period means the period which begins 60 days before and ends 31 days after an Option Date.

#### BENEFIT

You have the right to increase the Monthly Benefit and, proportionately, the Maximum Benefit Limit shown on Page 3. You may do so, without submitting evidence of physical insurability, by following the rules set forth below.

Increases will be made only upon formal application by you. You must apply within an Option Period. An increase, if approved by us, will be effective on the date of your application.

The amount of an increase will be subject to each of the following:

- 1. An increase, when combined with all other overhead expense disability benefits then in force with us and other insurers, may not exceed the amount we would issue to you as a new applicant. This amount will be subject to our published issue and participation limits on the day you apply for an increase or on the Effective Date of this policy, whichever results in higher amount.
- 2. After your 46th birthday, an increase can not exceed one-third of the original Maximum Increase shown on Page 3 (rounded up to the next \$10.00).
- 3. The sum of all increases can not exceed the original Maximum Increase shown on Page 3.

You can apply for an increase during any Option Period even though you are disabled. An increase of up to 10% of the original Monthly Benefit shown on Page 3 (rounded up to the next \$10.00) approved by us during a period of disability will apply to the benefits payable while that period of disability continues. And, this increased Monthly Benefit, plus any excess of 10% approved during the same period of disability will be applicable to new, separate periods of disability (see Fage 4.)

If you do not qualify for an increase on an Option Date, you can still apply for an increase during a later Option Period.

The first premium for an increase approved by us must be paid within 31 days; later premiums must be paid as part of the Policy Premium. If the premium for the policy is being waived (see Waiver of Premium provision) on the effective date of the increase, you will not have to start paying the premium for the increase until the premium for your policy becomes payable again.

The premium for each increase will be based on your attained age on the date of your application for each increase. It will also be based on:

- our premium rates in effect at the time of the increase or on the Effective Date
  of the policy, whichever is less; and
- your occupational class at the time of the increase or on the Effective Date of the policy, whichever will produce the lower premium.

When an increase is exercised, the premium for this Option will be reduced. The reduced premium will be based on the Maximum Increase remaining.

This Option will expire, and no further premiums for it will be due, on the earlier of: (a) the date when the Maximum Increase has been exercised; or (b) the date when the Option Period ends for the 52nd hirthday Option Date described above.

This policy provides disability income insurance. It does NOT provide basic hospital, basic medical, or major medical insurance as defined by the New York State Insurance Department. This policy provides as follows:

#### BENEFITS

## General Definitions

Benefit Schedule means the schedule of benefits attached to this Disclosure Statement.

Elimination Period means the number of days of disability that must elapse in a period of disability before benefits become payable. The number of days is shown in this Disclosure Statement's Benefit Schedule. These days need not be consecutive; they can be accumulated during a period of disability to satisfy an Elimination Period. Benefits are not payable, nor do they accrue, during an Elimination Period.

If the Elimination Period is fulfilled during a period of disability, the first subsequent disability due to a different or unrelated cause will not require an Elimination Period, provided the first subsequent disability occurs within the twelve month period from the end of the prior disability, during which the Elimination Period was satisfied.

Total Disability or totally disabled means that due to Injuries or Sickness:

- you are not able to perform the substantial and material duties of your occupation; and
- 2. you are receiving care by a Physician which is appropriate for the condition causing the disability. We will waive this requirment when continued care would be of no benefit to you.

your occupation means the occupation (or occupations, if more than one) in which you are regularly engaged at the time you became disabled. If your occupation is limited to a recognized specialty within the scope of your degree or license, we will deem your specialty to be your occupation.

## Basic Benefits of Your Policy

The basic Monthly Benefit for Total Disability is shown in the Benefit Schedule. Benefits start on the day of Total Disability after the Elimination Period. Benefits are payable for as long as the applicable maximum benefit periods also shown in the Benefit Schedule.

UPDATE - This benefit provides for automatic increases in your Monthly Benefit fo Total Disability. Refer to the policy schedule in your policy for details.

Presumptive Total Disability - You will be presumed totally disabled if Injuries or Sickness result in the entire and permanent loss of: 1) speech; 2) hearing in both ears; 3) sight of both eyes; or 4) use of both hands, both feet, or one hand and one foot.

The basic Monthly Benefit for Total Disability will be paid even if you can work. Further medical care will not be required. Benefits will be payable for the Benefit Period stated in the Benefit Schedule. If loss occurs before your 65th birthday, benefits will be payable for life.

Haiver of Premium - After you have been disabled for 98 days during a period of total and/or residual disability we will:

- refund any premiums which became due and were paid while you were totally and/or residually disabled; and
- waive the payment of each premium which thereafter becomes due for as long as the period of disability lasts. After it ends, to keep your policy in force, you must again pay any premiums which become due.

Transplant Surgery - If you are disabled because you donate a part of your body to another person, we will consider it to be the result of a Sickness.

Cosmetic Surgery - If you are disabled from surgery to improve your appearance or correct disfigurement, we will consider it to be the result of a Sickness.

Rehabilitation — You may participate in a program of occupational rehabilitation while disabled. This will not of itself affect Total Disability payments. If we approve the program we will pay certain training expenses that you incur.

## Additional Benefits

The following optional benefits are also a part of your policy and are shown in the Benefit Schedule. Additional premium is required.

Residual Disability Benefits Disability/Recovery Benefits pay a percentage of the Total Disability Monthly Benefit when, due to Injuries or Sickness, you suffer a loss of earnings of 20% or more, and are receiving care by a physician. (During the Elimination Period only, you must not be able to work fully because of the Injuries or Sickness.) A loss of earnings over 75% is deemed a 100% loss and 100% of your Total Disability Monthly Benefit will be paid. Residual benefits are payable for as long as stated in the policy.

When a disability lasts more than one year, Cost of Living indexing (based on the Consumer Price Index) will be applied to your pre-disability earnings. As they increase, your loss of earnings becomes greater and this, in turn, produces increases in your Residual Disability Monthly Benefit.

Guaranteed Physical Insurability/Long Term Disability Option guarantees the option to purchase future coverage to your 55th birthday.

## EXCLUSIONS

This policy does not cover loss caused by:

- 1. Har or any act of Har; or
- normal pregnancy or childbirth, except us will pay benefits for loss caused by normal pregnancy or childbirth on the later of ther 91st day of disability or the day of disability following the Elimination Period. Complications of pregnancy are covered. See your policy for details.

The policy will only cover a pre-existing condition if it is disclosed and not misrepresented in answer to a question in your application, and we do not specifically exclude it from coverage.

A pre-existing condition is defined in your policy.

If there are any additional exclusions, they will be referred to in the Policy Schedule. If there is an exclusion or limitation which applies only to a benefit rider added after the policy is issued, it will be included with the rider.
